DEATH CLAIMS YOUNG MOTHER—Mrs. Tasso Coo, aged twenty-five years, died at the family home at 314 East Fillmore street shortly after midnight last night, following an illness of over a year. She leaves to mourn her untimely end her husband, a young son and her father. At the present time no funeral arrangements have been made.

AUTO CRANKS—Not the owners of autos but those appliances for winding up the machinery in the absence of the self-starter are at the sheriff's office having been picked up in the road by Deputy George Branner. He also has a hitching weight belonging to some person to whom unknown, the owners may have the property by calling for it.

BUILDING GROWTH—Tom Smith of the Phoenix roofing company reports a number of new contracts that indicate a welcome improvement in building conditions. One of the contracts is for the roof of the Safford county court house. Another is for the new Robinson building in Chandler, a third for the new Donofrio factory building here. IMPROVEMENTS FOR THE NEW POPULAR

Of the many changes and building improvements now going on on Washington street, none is more noticeable and attracting more attention than the building where the new Popular Dry Goods Co. will have its future home. A new front is being put in and as soon as improvements are completed, perhaps the 22nd of this month or a little later, the Popular will re-open under new ownership and new management.

There will be a brand new stock of merchandise, with the exception of the famous Pictorial Review. Patterns, of which the new owners will be agents. The Popular, when open for business, will have as attractive a store and stock as can be found in the city of Phoenix.

The new store will feature the best there is in nationally advertised goods for men as well as women. Their line of men's wearables will be particularly strong, including clothing, hats, shirts, underwear, hosiery, etc. In the ladies' department you will be impressed with the fact that the new owners are well posted on feminine wishes. Besides dry goods, they have selected a strikingly pleasing assortment of shirts, shirtwaists, Buster Brown Hosiery, Underwear, corsets and a full line of notions.

But by far the most improved stock of the new store will be the many new lines of shoes for men, women and children, including the famous "Kreider" shoes.

The store will have an announcement in this paper concerning their opening date at the proper time. It will be sort of a jubilee, with special prices as its chief attraction. From remarks dropped by one of the new owners this announcement should be full of interest to folk with the saving habit.

HOME FROM THE COAST—Floyd Strong, of the Lowe Rubber company of this city, who has been in a number of coast cities for the past week, returned to Phoenix yesterday morning. His trip to California was made primarily for the purpose of witnessing the big Corona road race.

SAFFORD MILITIA—Adjutant General Harris announced that the newly organized militia company at Safford would be mustered in on the 19th of this month. At this time First Lieutenant Estine U. S. A. will be at Safford and will inspect the company.

NEW STAGE LINE—Yesterday marked the opening of a new local stage line. The company started yesterday with eight large cuts in service, operating between Phoenix, Tempe and Mesa. The schedule is for departures from Mesa and Phoenix every thirty minutes. The manager of the new line is A. C. Lillard and the office is at 5 West Adams.

CORRECTION—It was the Pacific Baking Company and not the Phoenix Bakery as stated that held a demonstration of its "Holsum" bread and cake products at the Ullman delicatessen store yesterday. The Pacific Baking company is a Los Angeles concern and has a representative in this district at present increasing their distribution with the dealers of central Arizona. The Ullman delicatessen is to act as the local distributor.

SOME HAT—Secretary of State Sydney P. Osborn was joking and receiving congratulations yesterday on a new hat. The head wear had just arrived from the Philippines all encased in a hollow piece of bamboo, and is perhaps the finest piece of straw ever seen around the state house. The young ladies in the secretary's office cast covetous eyes in its direction, but it remained safely within Osborn's reach.

ALL GONE AWAY—Things were exceedingly quiet around the offices of the corporation commission yesterday. Commissioners Jones and Cole, accompanied by Rate Expert A. A. Betts, Secretary to the commission, William Sangster, Engineer Ben Ferguson and reporter E. H. Phillips, having left in the morning for Tucson, where the commission will listen to a hearing inquiring into the rates of the Mountain States Telephone company. The case of W. A. Curtis versus the Tucson Gas company will also be heard during the stay in the Old Pueblo.

BUSINESS IS GOOD

During the month of March my diamond sales aggregated \$3000.00. Quite some business for a little big store, eh? Well there's a reason. The steady increase in my business is due solely to the fact that I sell diamonds for less than the other fellow. This has been proven hundreds of times and can be proven to you. My buying power is big and I am enabled to buy stones right as I pay cash for everything. This is something few jewelers, if any, in the southwest can boast of.

In buying gems of any kind the customer depends largely upon the integrity of the dealer and his ability to judge stones correctly. During my years of experience in the jewelry business I have always been frank with a customer—never misrepresenting an article—and this alone is responsible for my success. I am considered the best judge of diamonds in the state and I'll wager \$1000.000 that this is an absolute fact. A broad assertion you might say, but I assure you it is not made from an egotistical standpoint and I am willing to back it up with real gold coin.

A new lot of stones just received from my New York representative await your inspection.

Marion Craig Wentworth, Who Wrote New Novel Will Be Present At Affair of Suffragists

One of the distinguished guests who will be present at the luncheon to be given on April 21 at the Adams hotel by the members of the local branch of the Congressional Union for national suffrage, will be Marion Craig Wentworth, author of the well-known book, "War Brides." This talented lady comes to this city as the guest of Mrs. Franklin McCluskey, and the members of the organization feel that they have been singularly honored by having this gifted authoress as their guest at one of the most important functions which they contemplate during the coming month.

At this time the eastern suffragists who are making a tour of the United States in the interest of suffrage will also be present and the guests at the luncheon will have the opportunity to become personally acquainted with the ladies who are devoting so much of their time and money to the important cause of which they hold dear.

Mrs. P. C. Strickmeyer, who has charge of the sale of the tickets to the luncheon reports that they are meeting with much success in their efforts to dispose of the tickets, and that the affair promises to be one of the social events of the season.

MAY RE-OPEN PARK—Encouraged by the crowds which prevailed last summer a company is being organized to re-open The Willows, and make it a first class amusement park. A large bath house and other commodious improvements are under contemplation. The new management believes that there is room for a place of this sort, and especially one which will cater to the women and children, as this one proposes to do.

BANK SWINDLERS ARE CAPTURED IN TEXAS

Phoney Check Artists Who Operated in This City Are Taken Into Custody in San Antonio

After having made Phoenix a point on their criminal itinerary of the country, extending from the Atlantic to the Pacific and part of the way back, Frank Cembis and Sol Benton, notorious bank swindlers, were taken into custody at San Antonio, Texas, yesterday. Their arrest followed an inquiry by a San Antonio bank of the Valley Bank regarding a check which they had offered for deposit there. The arrest was made by a Pinkerton detective in the employ of the American Bankers' Association who had followed them across the continent but had been unable to locate them. They have a variety of aliases but those are the names by which they were known at San Antonio.

They were in Phoenix about April 1 having come from the coast all along which they had conducted operations. They did not remain in the city long. Something happened to scare them. They succeeded in getting out of the city with only small amounts.

Their plan was to make a small deposit of cash in a bank, and add foreign checks to it until the amount was sufficient or until just before the suspicious character of the checks should be discovered. Then the amount would be withdrawn and the names and post office addresses of the operator would be changed.

The sheriff's office yesterday notified Los Angeles of the capture of the swindler. It is understood that they hoped a harvest there. But if the Los Angeles banks which have been victimized should take no action in the matter a requisition for their return to Arizona will be asked for.

CASE RETURNS—State Superintendent of Education C. O. Case returned yesterday from Tucson where he had been attending the meetings of the state Teacher's associations.
